

# Fantai Nutrimate

## Features

- Contain various microelements as supplement to shrimp requirement.
- Highly concentrated, particle form is made by innovative high-tech mechanism.
- Designed for direct feeding, no more pond side mixing of feed supplement.

## Functions:

1. Complement shrimp's ingesting habit for optimum absorption.
2. Activate cell functions in shrimp for better metabolism.
3. Improve gut flora in shrimp for higher digestibility.
4. Improve shrimp's tolerance towards stress and enhance growth rate.
5. Enhance immunity in shrimp and reduce pathogen infection.

## When to use:

1. During shrimp's fast growing stage between 45~90 days.
2. Before and after shrimp molting.
3. During and after environmental change.
4. When shrimp's ingestion decrease.

## Suggested feeding amount:

50~75% of regular feeding amount, and use twice a week. Skip one meal before feeding Nutrimate.

**Packaging:** 20kg/Pack
